*"Your Station
Your Sound"*

Since the beginning of September 1983 Marcher Sound has been serving North East Wales, Cheshire and North Shropshire. The community have quickly warmed to this new arrival on the Local Radio scene and Marcher Sound now has a place in many homes.

Broadcasting daily from their Studios at Mold Road, Gweryllt, the Marcher staff of Presenters and Journalists cater for their listeners near and far, giving attention to the far flung corners as well as the major conurbations in Wrexham, Chester and Deeside.

First up in the daily menu is Morning Marcher with a fast moving, friendly presentation that helps to get "Marcherland"

off to a great start despite the worst the elements can do, interspersed with up to the minute traffic/weather reports and regular bulletins of international, national and local news. It all goes together to make for a great start to the day. Next comes Pete Griffin whose regular features include the Marcher Vet, the Gardener and the Doctor and following the main 1 o'clock News, Ron Jones gets the afternoon underway with an opportunity just after 2 o'clock for listeners to buy and sell on the air with Marcher's Telemart. Finally Adrian Jones sees you all home safely in time for tea with a friendly, personal "Get you Home" service in Hometime – easy listening combined with a slick News/weather sequence.
